Dear Richard,

We are nearing completion on our 4 unit 3 story Townhouse shell and I am impressed. With the turnover from Select Built to Wilk Construction we did not miss a beat. You did a 16,500 sq. foot building including concrete block and roof in 5 months and 2 weeks.

I have been in the building business 40 years and it takes a lot to Impress me, your operation is first class and Bill McFarland your superintendant did an excellent job. There was not one day where I had to say "Where's the men?" The job was clean and the concrete, block and roof were done to a high standard in this industry. There was not one inspection failed and all the inspectors were impressed.

I would recommend your company to anyone needing a contractor in residential or commercial.

Very truly yours,
