To Whom It May Concern;

I am writing this letter of recommendation for Chad and Richard of Centerpoint Construction. I have worked with Richard and his team of professionals on several high-end custom residential projects and am extremely pleased with the results. We have the highest expectations as to the level of quality, cost and schedule and the Centerpoint team has the ability to handle the most demanding structural projects while maintaining the budget and schedule. Centerpoint is a highly experienced organization. They respect the process and the design professionals involved and work carefully to realize the project intent.

I look forward to my next project with Centerpoint and know that our clients' best interests will be in the capable hands of a quality shell contractor.

Sincerely,
